

# Fortnightly Feedback

## Rationale

A student will be awarded a score of **1 to 5** for their attitude and effort.

- Level 5 is for those students who go over and above in a given fortnight;
- Level 4 is above the average expectations of a learner;
- Level 3 is good and the expected level for all students;
- Level 2 is below average;
- Level 1 is of concern.

Students who genuinely strive for excellence in all they do, and are **leaders** in showing their peers what makes an active learner who is engaged, inquisitive and curious, are rewarded. This encourages progress and is likely to increase motivation for students and therefore an increase in positive learning behaviours.
